

# Bathroom Sink Painting Checklist

Use this checklist to help you through every step of painting your bathroom sink with Rust-Oleum Tub and Tile Paint.

## Supplies Checklist

- ☐ Rust-Oleum Tub and Tile Paint (Parts A & B)
- ☐ Respirator or mask
- ☐ Safety goggles and gloves
- ☐ Comet or similar abrasive cleaner
- ☐ Lime Away or similar stain remover
- ☐ Mild detergent
- ☐ Rags or paper towels
- ☐ Scrub brush
- ☐ Abrasive pad
- ☐ 400-grit sanding sponge
- ☐ Painter's tape and masking paper
- ☐ Tack cloth
- ☐ Caulk and caulking gun
- ☐ Plastic caulk remover or razor scraper
- ☐ Can opener & stir stick
- ☐ Synthetic angled paintbrush or foam roller
- ☐ Floor fan for ventilation

## Preparation Steps

- ☐ Remove faucet, drain, and hardware
- ☐ Clean surface with Comet and scrub brush
- ☐ Apply Lime Away, rinse, and dry
- ☐ Remove old caulk
- ☐ Sand the surface with 400-grit sponge
- ☐ Rinse and dry thoroughly
- ☐ Wipe with tack cloth
- ☐ Mask off surrounding areas

## Painting Steps

- ☐ Ensure good ventilation
- ☐ Wear respirator and safety gear
- ☐ Open and stir Parts A & B separately
- ☐ Mix both parts thoroughly
- ☐ Apply first thin coat using brush/roller
- ☐ Wait 1 hour before recoating
- ☐ Apply second coat (optional third if needed)
- ☐ Wait 1 hour, then remove painter's tape

## Curing & Finishing

- ☐ Let sink cure for 3 full days before use
- ☐ Reapply caulk after curing
- ☐ Clean only with mild soap and soft cloth
